ROBERT W. LEHRBURGER, United States Magistrate Judge.

This order addresses the issues concerning discovery and conditional certification raised by the parties at Dkts. 48-53.

- 1. Class contact information: To the extent not already provided, Defendant shall produce contact information (name, address, email address, and mobile phone number) for non-exempt employees from the 4 laundromats presently at issue going back six years.
- 2. Class size: Defendant shall provide an estimate of the size of a potential class encompassing all 28 locations. To be clear, however, the Court is not ruling at this time that the potential class extends to any laundromat locations other than the four locations where the named Plaintiffs worked.
- 3. Class-wide documents: At this juncture, Defendant shall produce wage and hour records for a 20% sampling of the employees from the four locations at which

Plaintiffs worked. There is not a sufficient basis at this juncture to warrant production of a similar sampling from other locations.

4. Plaintiff may proceed with filing a motion for conditional certification. The parties shall meet and confer to establish a briefing schedule.

The Clerk of Court is respectfully directed to terminate the letter motions at Dkts. 48 and 49.

SO ORDERED.
